

Tutoring Program

Tutoring

The Tutoring Program of the Bepko Learning Center offers tutor referrals for students in mentored and non-mentored courses at IUPUI. Each student is provided with the contact information and pay rate of available tutors. It is then the responsibility of the student to contact the tutor to set up a meeting time and place. The Tutoring Program offers time flexibility and one-on-one assistance in contrast to peer mentoring (SI/SLA) that is conducted in group sessions at scheduled times.

Private Tutor Referrals

The Resource Desk maintains a list of tutors who are willing to help students. Tutors negotiate hourly fees with students that range from \$8 to \$20 an hour. Any student who inquires about tutoring will receive individual follow-up as described below.

Our tutor directory is always growing, but we do not include tutors in it unless they complete an application that must be renewed every semester. If you know any students who are interested in working as tutors or need a tutor, please encourage them to stop by the Bepko Learning Center or visit our Web site for more information.

Disclaimer

The Bepko Learning Center is strictly a referral service. It serves only as a point of contact between the tutor and the client and makes no guarantees about positions and employers listed through this office. It is the responsibility of the tutor and client to establish mutual agreement regarding the terms and feasibility of their transaction prior to conducting the actual transaction. The Bepko Learning Center is not involved in the actual transaction between tutors and clients. As a result, we have no control over the ability of either party to actually complete a transaction. We recommend that students use caution and common sense in dealing with any unknown individual and suggest holding meetings in a public area.

Tutor Availability

For tutor availability, please have students check out our Web site, located at <https://tutor.uc.iupui.edu>! The Web site contains an up-to-date list of free tutoring services across campus along with a list of all the courses for which the Bepko Learning Center has paid tutors. Students will need their campus username and password to access the Web site.
